Stop the Murdoch (Flt 93) Memorial Blogburst: Joementum!

Description

Blogburst logo, no accident

Alec Rawls did a 45 minute interview with Washington D.C talk-radio host Joe Ardinger Saturday night (3-8-08, Segment 3).

â€œIt rips,â€• says Alec. â€œWe exposed a lot of the terrorist memorializing parts of the Flight 93 Memorial, and went over the clear proofs of intent that architect Paul Murdoch included in the design.â€•

Joeâ€™s interests: â€œGhosts, UFOâ€™s, The Lizard People from The Hollow Earth, Politics, True Crime, Conspiracies, you get the ideaâ€¦â€• If he wants outlandish, the truth about the Flight 93 Memorial is tops, which could just make Joe the man for the Job.

default watermark

Alec knows nothing about the Lizard People, or Joeâ€™s politics, but this issue ought to transcend all domestic divides, and for Joe it certainly does. â€œVery fun interview,â€• says Alec: â€œJoe is a great host, and he says he wants to keep after this.â€•

Thatâ€™s excellent. Thank you Joemericans!

(If Joeâ€™s 3-8-08 Segment 3 link ever disappears, there is a backup copy here.)
