# â€œHomeâ€• @ Work: USS MILWAUKEE (AOR-2) Out Replenishing

## Description

As in â€œAlways Out Replenishingâ€• (AOR). This video was taken in Apr 93, butâ€¦it was my life for 2 yearsâ€¦just 16 years before that.

In any case, excellent close ups of the actual stations where â€œDiesel Fuel, Marineâ€• (DFM), NATO Code F-76, was transferred, as well as the antics crews sometimes went to for a fun while alongside.
