

## NEW YORK (LPD-21) Christened

### Description

Today was the day of the time honored tradition of christening of a US Naval vessel, in this case, the one day to be the [USS NEW YORK \(LPD-21\)](#).

NEW YORK will carry to sea 7.5 tons of steel salvaged from the Ground Zero site in her stem, a reminder for all the days of her service of that day in our history. CDR F. Curtis Jones, USN, will have the honor of serving as the PCO.

Historyâ€plenty of it was on display today to honor the victims and heroes of 9/11.
