

Naval Aviation History: July 23-24, 1968

Description

40 years ago, the USS CORAL SEA (CV-43) hosted the carrier trials of the F-111B.

F-111B on CV-43 - July 1968

I found this bit of history covered in more detail at the [USS CORAL SEA's website](#).

On that page, you'll find a link to the Ship's Store, where you can purchase a 20 min DVD of the trials, as well as three links to the background story of the TFX program (done by [SteelJaw Scribe](#)

) about the navalized version of the Air Force's F-111A.
