So how do we believe Osama bin Laden when this happens?

Description

I vote to not trust Osma bin Ladenâ€™s promise to not attack those who vote the way he wants. The below link takes you to a post regarding a planned attack on a â€œfootballâ€• (soccer to us â€˜Mericans) stadium in Madrid. I thought the al-Queda had subdued the Spanish with the train station bombing, but it seems like they are just bent on killing more and saying â€œJUST KIDDING!â€• to the people of Spain, after they voted the â€œrightâ€• one in and the troops were withdrawn. Thank God the Spanish law enforcement and judicary is still hard at work preventing murder for some unholy reason.
