An analysis of Osama bin Ladenâ€™s words to the world

Description

Papa Doc at Winds of Change has posted an article that takes apart the December 16th, 2004 audio tapes from Osama bin Laden.

There were actually two tapes. One for the Iraqis and one for the Saudis. The analyst, Dan Darling, sees three audiences in the Saudi tape: The Americans, the Saudis and the Iraqis.

Iâ€™m going to find some time to really read this. Itâ€™s long, yet it lays out some things we will need to consider in the days and years ahead, and for the following generations.
