Technical Eye Candy

Description

How about a nice panoramic view from the top of Mt Everest?

Maybe a scene from a small canyon during a white water rafting trip suits you better?

Anyhow, while scanning the â€˜net to see if I had an orignal idea, I found someone else is using the term â€œblogvelâ€• for online novels, and I tripped across Panoramas on the way.

So, take a virtual vacation for a few minutes and see some pretty cool sceneryâ€¦like a climb up The Matterhorn or save the 24 hour Quantas flight and the jet lag for another time and see a sunset from the plaza in front of the Sydney Opera House.

BTW, donâ€™t foget to look up and down, too.
