A Different Take on â€œCut and Runâ€•

Description

Just a little over-analysis but, youâ€™re here nowâ€¦

â€œCut and Runâ€• â€“ Democratic Strategic Plan. Brilliant in itâ€™s use of few words, so the kids of the country that arenâ€™t getting a quality education can hope to follow along (thank you, NEA). Also, Marlene Caroselli would approve, Iâ€™m sure.

I like to divide their words and expose what it really means:

â€œCutâ€• the head off of Nick Berg and Christian school girls. If you can, cut off President Bushâ€™s head before a world audience, if you can get so lucky as to have the Democrats take over the nation. This, dear people, is what the Democrats are afraid to discuss, but, they have nailed the enemyâ€™s strategy.

â€œRunâ€• away like the frightened knights in Monty Pythonâ€™s â€œHoly Grail.â€• This is what the the non-courageous do when faced with a tough job. That would be the strategy of the Democrats. Here is what it sounds like in practical application.

And now, I can hardly wait to here this as a result of my commentaryâ€¦.
