Dear Liberals: Try Reading the Directions

Description

I wonâ€™t bore you with lots of links, but between the Judge Alito pontifications, the Abrahamoff, the Tom Delay fake consiracy chargesâ€¦It seems when â€œitâ€• is brought up by the libs, they soon find out itâ€™s people in their own party doing the same kind of things, be it falisifying travel claims, moving PAC money around, taking PAC money, or wiretappingâ€¦.

The items come and go so fast, you almost canâ€™t read them.

Hereâ€™s my counsel for the liberals/Democrats:

I know, I knowâ€¦.you would never really handle any type of weapon, but consider this in a parable style of instruction, the way Jesus teachesâ€¦itâ€™s in the analogy, not the specific words (or images, in this case)

â€™nuff said (for now)

If this information has helped you in anyway, please pop over to Project Valour-IT and ,ake a donation to the program to get laptop computers for our wonded service members as compensation for my counselling.
