Valour-IT Donations â€“ Not Just For Memorial And Veteranâ€™s Day Anymoreâ€¦

Description

FbL has an update on the progress of one wounded serviceman, a recipient of a laptop and voice activated software several months back.

Note this:

> The laptop was the first step to the road to recovery. It proved that he was going to be able to do all the things that he did before.

For more info, and to see what a bunch of committed, Type A competitors can do when a need arises, check out this link to my post on the Veteranâ€™s Day 2005 fund raising driveâ€¦
