â€œThe Heart of Steelâ€• â€“ A Story of Volunteers

Description

Just found as a new post on YouTube, a trailer for the film â€œThe Heart of Steel,â€• the story of volunteers at Ground Zero.

This is a brief scene from â€œThe Heart of Steel, a documentary about â€œThe Renegade Volunteersâ€•, an amazing group of ordinary citizens who boldly changed the relief effort in the aftermath of the September 11th Tragedy.

I shot this on a digital hi-8 camcorder entirely on donations. Check it out and visit www.theheartofsteel.com for more info.
