Sure Glad They Warned Meâ€¦

Description

Many a navigator of the US Navy, having a beer, or two, or an adult beverage while on Shore Leave, may have been sucked into the evil plot of napkins pretending to be navigational charts in foreign, or maybe even domestic waters (not to be confused with domestic beer, unless its a â€œliteâ€• variation).

Napkin Warning

I will assure you readers, that you donâ€™t know me from press releases while I was a Navigator aboard a warship. I never fell for this insidious plot of the enemy to cuase us to ground our vessels due to outdated and inadequate chartsâ€¦.
