July 2006 Computer Shopper Cover Changed!

Description

Flash News!

The upcoming Computer Shopper cover needed an update before it hits the store and newstand shelves:

July 2006 Computer Shopper Cover Updated

It makes you wonder if itâ€™s worth getting a bombproof laptop if youâ€™re going keep the notes on all your peeps there, doesnâ€™t it?

default watermark

Note: Sometimes life is too funny. I didnâ€™t make up the entire cover (as you can tell, I donâ€™t have Photoshop â€“ but if you do, feel free to do justice to the laptop screen) â€“ it came in the mail a few days ago, as Iâ€™m a subscriber. Itâ€™s not in the stores yet, nor on the websiteâ€¦butâ€¦check one of those two places in the next few daysâ€¦.
