Planning a Rememberance for the 9/11 Victims

Description

Project 2996 logo

From Black Five, a post about a project to have each of the 2996 victims from 9/11/2001 to have a blogger each post a tribute (on 9/11, of course).

This link will get you there. Take a few moments, fellow bloggers, to sign up, and then connect your life with one that was cut short.

The cost involved is your time and your compassion, nothing more. There only to the 1100sâ€¦.so there are plenty of names left.
