â€œBLOGGER DOWN! Someone Call a Tech â€“ STAT!â€•

Description

Hmmmâ€¦.I tried to warn you guysâ€¦

Anyhowâ€¦.been trying to cycle about the afternoon check-in of favorite blogs andâ€¦the Blogger guys are Tango Uniform. Like the dreaded 404 error â€œnot foundâ€•/MIA type TU.

The Salamander, Steeljaw Scribe, and the Capt/Lawyer.

They were there before lunchâ€¦itâ€™s now about evening chow time. Maybe we need to call to Quarters for muster, and tell the OOD to review his Williamson Turn procedures.

â€œXO to the Bridge!â€•
