From the Submarine Force Museum NAUTILUS history page:

> On the morning of January 17, 1955, at 11 am EST, NAUTILUSâ€™ first Commanding Officer, Commander Eugene P. Wilkinson, USN, ordered all lines cast off and signaled the memorable and historic message, â€œUnderway On Nuclear Power.â€• Over the next several years, NAUTILUS shattered all submerged speed and distance records.

She is now resting as at the Submarine Force Museum in Groton, CT. Was a â€œClass Ship,â€• set a lot of records and steamed over 513K miles during her serviceâ€¦.

I canâ€™t believe I scooped Chap and Bubblehead on this submarine force history storyâ€¦.
