Ropeyarn Sunday â€œSea Storiesâ€• and Open Trackbacks

Description

Post your stuff here!

Chief â€œMac,â€• my â€œSea Daddyâ€• said (while the stub of his cigar never left being clenched between his teeth) these things about pistol usage:

- â€œYou have to put 50 rounds down range a dayâ€• (to stay proficient â€“ he believed a 1911 .45 should feel just like another part of your body)
- â€œYou always shoot twice. Once to get him, the second to make sure. Any fewer rounds is stupid, any more is a waste.â€•

Wisdomâ€¦it comes in many forms.
