# An Anniversary for Capt Don Sharer, USN

## Description

January 20th, 1981â€¦ some Americans were freed, just in case you forgot about the day 444 days of captivity disgraced our nation, when the President refused to respond to the attack on the soil of America.

Now heâ€™s acting like heâ€™s some kind of hero from first facilitating the ascendancy to power, then backing down from them right away.

A Navy Aviator, then a Commander in rank, was sent to Iran, as the storm was brewingâ€¦to â€œadviseâ€• our allies in the Iranian Air Force, to whom we had sold the F-14 Tomcat to. It seems his job was to inspect each of their aircraft and make sure the capability to employ the AIM-54 Phoenix as disabled. He did that, and then was the guest of Amadinerjacket and company for over a year.

default watermark

I knew this man when he was the Chief of Staff for Commander, Cruiser-Destroyer Group TWO (CCDG2) in 1988-89, by then the rank of Captain.

Thank you, Capt Sharer for your service so many years ago.
