LOCK AND LOAD! Democrat Sytle

Description

Welcome, Lizards! If you arenâ€™t too busy, and didnâ€™t see it Friday, check out the Gathering of Eagles photo my friend took.

Well, first offâ€¦shouldnâ€™t we be hollering â€œLOAD AND LOCK!â€•? Just a rhetorical question, but lookee what I found surfing about the net:

The picture is on the blog Calvey in Iraq, an Army National Guard Captain now â€œover thereâ€• who used to be an Oklahoma State Representative. Talk about someone who knows the political ropes!He left a comment on LCDR Smashâ€™s (aka â€œMarches with Moonbatsâ€•) post about the anti-war demonstators in DC on 3/17/2007.I chased the link and found this worth a thousand words (of legislative printing) pictureâ€¦
