Valour-IT: Monthly Reminder

Description

V(oice) A(ctivated) L(aptops for) OUR-I(njured) T(roops), in case you need a briefingâ€¦

The program continues, providing assistance to those wounded and unalbe to use a keyboard, permanently, or while undergoing rehab. Laptops with voice activated software provides a link, that many of us take for granted, withour ease of access to the internet and a keyboard.

If you have a few spare doallrs, might you consider a donation now, and periodically in the future for this great cause?

Oh, and my ad for the project: 100% of the donations go directly to the cost of hardware and software. Not a lick of â€œoverheadâ€• or â€œadministrativeâ€• cost burden this endeavor, for the rest is â€œall-volunteer,â€• just like our soldiers, sailors, airmen, Marines and coast guards.
