Whereâ€™s MEGEN? 5/30/2007

Description

MEGEN spent the afternoon at the beach the other evening and will soon be the subject of a short video. If youâ€™ve been watching a little TV in the last few months, you might fully appreciate the theft of intellectual property used as a model, but just the same, Iâ€™m willing to bet youâ€™ll have a wry smile on your face when youâ€™re done watching it.

I just have to get to a computer with the right software to make sure the overlay fades in correctlyâ€¦.

Tomorrow, MEGEN will begin a longer journey to other distinctly naval environs, and there are more volunteers lined up with places for backdrops.

Stay tuned, tonight the snark email heads out to the other service team leaders.
