Jimmy Carter: The Christian Missionary for Islam

Description

The author of â€œI Accuse: Jimmy Carter and the Rise of Militant Islamâ€•, Philip Pilevsky, was on Laura Ingrahamâ€™s radio show today. The thesis on his book is by Jimmy Carter failing to support the Shah, the fringe elements of jihadis, which had been around for hundreds of years as just that: Fringe groups, all of a sudden had a â€œStateâ€™ to operate out of and therefore made what the world is dealing with today possible.

Damning at best, horrifying at its worst.
