Whereâ€™s MEGEN? 06/05/2007

Description

MEGEN is no longer in a dark USPS box. MEGEN is far north, and has a busy schedule planned for this week, and arrangements have been made to be seen around some very memorable Navy related locationsâ€¦.

Plans are in the works for printable pictures of MEGEN, to be used to pose and be posed with, at the suggestion of Flag Gazer (who has a wonderful blog to memorialize those who have fallen).

Details to followâ€¦.as well as some OUTSTANDING! pictures next week â€“ or sooner if it works out.

Stay tuned.
