Very Useful Legal Reading Regarding Blogging

Description

Stumbling about in the link forest I came across an article discussing blogging and Federal law.

Soâ€¦from Aviva Directory here are the twelve points discussed in â€œBlog Lawâ€•:

- Whether to Disclose Paid Posts
- Is Deep Linking Legal?
- The Legal Use of Images and Thumbnails
- Laws that Protect You From Stolen Content
- Domain Name Trademark Issues
- Handling Private Data About Your Readers
- Who Owns User-Developed Content and Can You Delete It
- The Duty to Monitor Your Blog Comments, and Liability
- Basic Tax Law Issues in Blogging
- Limited Liability Laws and Incorporating
- Spam Laws and Which Unsolicited Emails are Legal
- Are Bloggers Protected from Journalism Shield Laws?

Iâ€™ll have to take the time to read it closely. It certainly looks comprehensive and I strongly recommend you put down what youâ€™re reading and get over there to see how Federal law may work for, or against you. In the meantime, Iâ€™d recommend we spread the wordâ€¦.
