Can You Help? Unmet Needs Can Use You

Description

I heard about this program at the 2006 MilBlogs Conference, yet no one could tell me the link. I emailed VFW for an answer and none showed up. Reading a magazine yesterday, where Gunny Ermey was interviewed, he discussed the program set up by the VFW to help families stateside. He said not a single request had been turned down to date.

Your hands, fix-it know how and/or money would help take care of the families who have members in the fight, not available to get on with crossing off taskers on the â€œHoney-Doâ€• list.

Get over to Unmet Needs and get smart, maybe thereâ€™s a family down your block that needs a lawn mowed or a leaking toilet fixed.
