The Good Wife â€“ In Practical Terms

Description

About two weeks ago:

Stopped at the video store to return movies. There is a bench on the sidewalk, adjacent to the drop slot. The lady sitting on the bench asked â€œLetters from Iwo Jima?â€• No, sorry. â€œMy husband is inside at the counter waiting to see if one comes up in there.â€•

Redundancy, and, willingness to help bag the war movie for the hubby. Good team, Iâ€™d say.
