Whatâ€™s Society Coming To?

Description

Maybe weâ€™ll have to begin paying farmers not to grow peanuts anymore, for fear a small segment of society will demand complete access to all venues, public or private, free from any responsibility to avoid situations that may, in fact be life threateningâ€¦

From a local franchise doorâ€¦no kidding!
How soon do we stop driving on roads because itâ€™s too difficult for parents to pay attention, lean out the window and yell â€œGET OUT OF THE STREET BEFORE YOU GET HIT BY A CAR!â€• when little Johnny strays off the grass and onto the asphalt? When you see the signs in your neighborhood â€œNo Motorized Vehicles Allowed â€“ Children Might Be on Roadwayâ€• youâ€™ll know weâ€™re renounced all personal responsibilityâ€¦
