Description

Put your links to your best (orâ€¦wellâ€¦anything you have) hereâ€¦The sights at sea are amazing, and some one a few will witness, unless they look for them.

So, you call yourself a sailor, and you donâ€™t believe in â€œthe Green Flash?â€• Do you consider your fellow mariners who boast of such siting as more (maybe a lot more) or less on the wrong side of sanity for a moment or a lifetime?

Well, I have seen the phenomena, and now, you can know Iâ€™m quite sane, if you are an unbeliever, but at least I saw it in person a few timesâ€¦

The â€œwhy/howâ€• is here.
