> WASHINGTON Ã¢â‚¬â€œ With presidential primaries approaching and the race for the White House heating up, Muslim terrorist leaders in the Middle East have offered their endorsement for Americaâ€™s highest office, stating in a new book they hope Sen. Hillary Clinton is victorious in 2008.
>
> â€œI hope Hillary is elected in order to have the occasion to carry out all the promises she is giving regarding Iraq,â€• stated Ala Senakreh, West Bank chief of the Al Aqsa Martyrs Brigades terrorist group.
>
> Senakreh is one of dozens of terror leaders sounding off about American politics in the new book, â€œSchmoozing with Terrorists: From Hollywood to the Holy Land, Jihadists Reveal their Global Plans Ã¢â‚¬â€œ to a Jew!â€• by WND Jerusalem bureau chief Aaron Klein.
>
> Abu Hamed, leader of the Al Aqsa Brigades in the northern Gaza Strip, explained in â€œSchmoozingâ€• Clintonâ€™s repeated calls for a withdrawal from Iraq â€œproves that important leaders are understanding the situation differently and are understanding the price and the consequences of the American policy in Iraq and in the world.â€•
>
> â€œThe Iraqi resistance is succeeding,â€• stated Hamed. â€œHillary and the Democrats call for withdrawal. Her popularity shows that the resistance is winning and that the occupation is losing. We just hope that she will go until the end and change the American policy, which is based on oppressing poor and innocent people.â€•
>
> The Brigades, together with the Islamic Jihad terrorist group, took responsibility for every suicide bombing in Israel the past three years. The Brigades also has carried out hundreds of recent shootings and rocket attacks.
>
> Abu Ayman, an Islamic Jihad leader in Jenin, said he is â€œemboldenedâ€• by Clintonâ€™s calls for an eventual withdrawal from Iraq.

Read the articleâ€¦.better yetâ€¦read the book.

When will she (Hillary) wake up and see they see her as just another woman to despise? She plays weak on them and they will treat her like they do their own women in the dedicated Muslim faith?

When will the American people see it, also?

She can prattle on all she wants about â€œwe help make more terroristsâ€• she wants, but if she wins the high privilege to be our President and the Commander-in-Chief, she will be forced to become even more aggressive than President Bush is now, or they will turn up the heat and show her they mean business, as a reward for their â€œendorsementâ€• of her election run.

Will she resist this urge to act presidential and push even more troops into combat roles, with loosened rules of engagement to show them she isnâ€™t going to be pushed around, or will she fear her ratings from the vocal, left of left wing who â€œget her electedâ€• (along with the terrorist help), and bring the troops home?

She has the choice now: Talk tough, or prepare to be steam rolled. If she choses tough, then be prepared to loose your â€œbaseâ€• come 2012, with the screams of anguish because â€œHILLARY LIED!â€• beginning as soon as it becomes apparent (most likely within months of January 2009) she is not going to fulfill her â€œpromiseâ€• to her constituency to end the war.
