D-1: 2007 ValOUR-IT Drive

Description

Time to review the checklists and then get some shut eye before the Mid-Watch tonight.

Review your email program contact listsâ€¦check all the commenters on your blog (extract their email addy), and shuffle through that pile of business cards in your desk drawer.

H-Hour is 290001 OCT 2007. $60K for the Navy/Coast Guard, butâ€¦$240K is the end game

The link to join a team, and/or to donate has been put up by the ever hard working Holly Aho, and assisted by Rusty Bill.

Grab your widgets and edit them into your site. Run out the guns and be prepared for a spirited run against the â€œotherâ€• forces. They have Chuck Z out at Las Vegas, banging the drum and you can bet he wonâ€™t tell the audience about any donate button besides the one for the Army. Mostly rude on his part, butâ€¦itâ€™s all about the competition from now until midnite on the 11 of November.

default watermark

The V-IT bulletin board is warming up and more players registering there. FbL has posted lots of general and specific info there, plus itâ€™s a place to take potshots at the other teams/bloggers, as well.

Letâ€™s ROLL!
