Check out Frank Gaffneyâ€™s take on Nancy. You know, itâ€™s â€œBlue Light Specialâ€• time form jihadi communications. I bet some comm lines are burning up now, while they use all the bandwitdh they can, setting up operations and logistics, free from being listened to in the US. Abrogation of responsibility that comes to mind.

Training for a new job, and not sitting at a computer, nor will the work be near one, either.

Stay tuned, watch for the shot by an AEGIS BMD ship, pay attention to what Barack isnâ€™t saying, and if youâ€™re looking for a free bottle of water, hang out near the front row of one of his gatherings.
