# FbL Lowers the Bar for Usâ€¦

## Description

In a very good way.

Her post, describing a discussion with a soldier at the USO is wonderful. Even if it didnâ€™t give me an opportunity make a teaser headline from one of her observations, itâ€™s still another one of those â€œmust readâ€• posts around the blogosphere.

Titled â€œInvestmentsâ€•, you wonâ€™t be disappointed.
