Technology Tuesday

Description

orâ€¦maybe better titled â€œFallout of Technology Tuesday.â€•

From Engadget:

> Compulsive e-mailing, texting could be classified as bona fide illness
>
> Posted Mar 17th 2008 8:11PM by Darren Murph
> Filed under: Cellphones, Handhelds
> Considering the plethora of facilities that have opened just in the past few years to deal solely with individuals that have become undoubtedly addicted to video games, the internet and all things Hello Kitty (we jest, we jest), weâ€™re not surprised one iota to hear that uncontrollably texting / e-mailing could soon become â€œclassified as an official brain illness.â€•
