Ropeyarn Sunday "Sea Stories" and Open Trackbacks

Description

Last week, I began discussing the Shipâ€™s Servicemen and my experiences.

At the present, work is busy (and good), so I have to catch up with the story of CDR Lightley and the laundry aboard USS MILWAUKEE (AOR-2). I promise it will be of great entertainment value to those who have â€œbeen thereâ€• when things went haywire (or, in this case, whites came back as graysâ€¦). Return late tonight, or tomorrow ro find out who did what to whoâ€¦
