Ropeyarn Sunday "Sea Stories" and Open Trackbacks

Description

Open trackbacksâ€¦if youâ€™d like

â€œSea Stories?â€• Well, Iâ€™m deluged with two research issues, one for â€œusâ€• later this month (which, is shaping up to have some real substance to it, thanks to the networking capability of the Web), and one for work , to get to know my product throughly.

However, there is a daily set of posts, giving real life to life at sea right now, where the XO of the USS RUSSELL (DDG-59) has a few crew members who are blogging the â€œstuffâ€• of life at sea, as they head west across the vast reaches of the Pacific Ocean for a forward deployment. Jump over there and then make sure to â€œfavoriteâ€• or bookmark the blog for Destroyermen. Become a â€œcharter reader,â€• so you will be able to say one day that you have been reading â€œDestroyermenâ€• since Noah was a deck seaman. Well, no, better yet, so you will see what our men and women at sea do on a daily basis in the defense of the Nation.
