Technology Tuesday

Description

â€œMeep! Meep!â€• is all the competition hears nowâ€¦.The US Military has the fastest supercomputer now

â€¦
And guess what? THe CPUs began their design life destined for gaming computers.

This isnâ€™t the first time the gaming industry and the US Military has put itâ€™s heads together to do something amazing, either.

So, now â€œRoad Runnerâ€• leads the supercomputer pack.
