Description

So your sons are commissioned in the Marines after 9/11. One of them is killed. You get to answer a question from The President of the United States: â€œIs there anything I can do for you?â€• â€œYes. Get me an age wavier to join the service.â€•

BZ, LCDR William Kristoff, USN, MC,

for stepping up to the plate, when you could have used the â€œIâ€™m too oldâ€• rationale to just go back to believing we donâ€™t live in interesting times.
